GRADE 12

SEPTEMBER 2026

ACCOUNTING P1 MARKING GUIDELINE (Refined)

MARKS: 150

MARKING PRINCIPLES:

1. Unless otherwise stated in the marking guideline, penalties for foreign items are applied only if the candidate is not losing marks elsewhere in the question for that item (no penalty for misplaced item). No double penalty applied.
2. Penalties for placement or poor presentation are applied only if the candidate is earning marks on the figures for that item.
3. Unless otherwise stated, give full marks for correct answer. If answer incorrect, mark workings.
4. If a pre-adjustment figure is shown as a final figure, allocate the part-mark as a working mark for that figure (not the method mark for the answer). **Note:** if figures are stipulated in marking guideline components of workings, these do not carry the method mark for final answer as well.
5. Unless otherwise indicated, the positive or negative effect of any figure must be considered to award the mark. If no + or – sign or bracket is provided, assume that the figure is positive.
6. Where indicated, part-marks may be awarded to differentiate between differing qualities of answers from candidates.
7. If candidates provide more than the required number of responses, inspect all responses to give benefit to the candidate. Penalties may be applied for foreign entries if candidates earn full marks on a question (max -2 per Q).
8. Where penalties are applied, the marks for that section of the question cannot be a final negative.
9. Where method marks are awarded for operation, marker must inspect the reasonableness of the answer.
10. Operation means 'check operation'. 'One part correct' means operation and one part correct. **Note:** check operation must be +, -, x, ÷, as per candidate's calculation (if valid) or per marking guideline.
11. In calculations, do not award marks for workings if numerator & denominator are swapped – this also applies to ratios.
12. In awarding method marks, ensure that candidates do not get full marks for any item that is incorrect at least in part. Indicate with a ☒.
13. Be aware of candidates who provide valid alternatives beyond the marking guideline. Note that one comment could contain different aspects.
14. Codes: f = foreign item; p = placement/presentation.

These marking guidelines consists of 10 pages.

QUESTION 1

1.1 Calculate:

(a)	Depreciation on equipment	
	WORKINGS	ANSWER
(b)	$\begin{array}{l} \text{Old} = \frac{206\,100}{366\,400 - 160\,300} \times 10/100 = 20\,610 \checkmark \checkmark \text{ one part correct} \\ \text{New} = \frac{120\,000}{486\,400 - 366\,400} \checkmark \times [10/100 \times 5/12] \checkmark = 5\,000 \checkmark \text{ one part correct} \end{array}$	$25\,610 \checkmark \text{ one part correct}$
	Carrying value of equipment on 30 June 2026	ANSWER
(c)	WORKINGS	ANSWER
	$\begin{array}{l} 206\,100 + 120\,000 - 25\,610 \text{ OR } \text{See (a)} \\ 486\,400 - (160\,300 + 25\,610) \end{array}$	$300\,490 \checkmark \checkmark \text{ one part correct}$
(c)	Disposal at carrying value for vehicle	
	WORKINGS	ANSWER
	$\begin{array}{l} 45\,750 + 18\,000 \text{ OR } \\ 187\,500 - [187\,500 - 45\,750 - 18\,000] - 123\,750 \end{array}$	$63\,750 \checkmark \checkmark \text{ one part correct}$

QUESTION 3**3.1 Profitability:**

Quote and explain TWO financial indicators to show which company is managing its expenses more efficiently.

Financial indicator ✓ ✓ figures and trends ✓ ✓

ADEL Ltd:

- % operating expenses on sales decreased from 19,5% to 16,8% (by 2,7% points)
- % operating profit on sales increased from 26,2% to 28,7% (by 2,5% points)
- % net profit on sales increased from 19,6% to 23,4% (by 3,8% points)

4**3.2 Liquidity:**

One of the shareholders at LYFO LTD is of the opinion that trading stock is not well managed. Quote TWO financial indicators to explain why he feels this way.

Financial indicator, figures and trends ✓ ✓ Explanation ✓ ✓
Current ratio must be compared with Acid-test ratio

- The difference between Current ratio and Acid-test ratio increased from 1,7 : 1 to 2,1 : 1. This shows that there is stock piling.
- OR**
- Current ratio increased from 2,8 : 1 to 3,0 : 1 but Acid-test ratio decreased from 1,1 : 1 to 0,9 : 1 indicating stock piling/overstocking.
- Stock-turnover rate decreased from 5 times to 3,2 times. Stock is moving slower in the current year / there is reduced demand of stock. More funds are tied up in stock.

4

With reference to the above, provide a recommendation to the directors on how they can more effectively manage their trading stock. State TWO points.

TWO valid points ✓ ✓

- Implement stock clearance strategies such as discounts / bundles / promotions to shift slow moving stock.
- Optimize inventory levels by balancing stock levels with the rate of sales / Retail buyers must order stock according to demand.
- Use sales trends to inform ordering decisions.

2

3.3 Dividends, earnings and returns:

Comment on each company's dividend payout policy and explain the reasons behind any changes they implemented.

Financial indicator, figures and trends ✓ ✓ explanation ✓ ✓

ADEL Ltd:

- Dividend payout rate decreased from 89% to 58% / have retained 42% of profits (47c of 112c).
- This shows that they have plans for future expansions which will benefit shareholders in the future / allowed reinvestment in profitable projects / Attract long term investors.

LYFO Ltd:

- They did not retain any funds / (used up all earnings for the current year to pay dividends) but used 5% (82c if 78c) of funds from previous financial year which accounts for the 105% dividend payout rate. exhausted funds for the current year and used 5% from reserved funds.
- This was to distract shareholders from the decrease in the profitability (EPS) of the company for the current 5 financial year / hiding company share performance / shares are undervalued. / manipulate the share price at JSE / attract short term investors / Keeping shareholders happy at the expense of the company's growth.

4

Should the shareholders of ADEL LTD be satisfied with the return on their investment? Explain by quoting a relevant financial indicator.

Financial indicator, figures and trend ✓✓ Comment ✓✓

- ROSHE increased from 12,7% to 16,4%.
- ROSHE exceeds the interest on alternative investment of 13%

4

3.4 Shareholding of Mr Long at LYFO LTD:

Calculate Mr Long's % shareholding after the repurchase of shares.

WORKINGS	ANSWER
$\frac{460\,000}{900\,000} \times 100$	51,1% ☑

4

An internal auditor expressed concerns over the decision taken by the CEO to persuade the board of directors to repurchase shares. State TWO reasons for this concern.

TWO valid explanations ✓✓ ✓✓

- The CEO is now a majority shareholder / reduce the influence of the minority shareholders.
- The price paid was above the MP/ NAV
- The CEO acted for personal gain, not for the company's benefit
- He took advantage of his position to convince the board

4

Explain TWO reasons why certain shareholders were pleased with the board of directors' decision to buy back the company's shares.

TWO valid explanations ✓✓ ✓✓

- Increased value of remaining shares /can lead to higher share prices which will benefit existing shareholders.
- Boost EPS because of fewer shares in issue.
- Reduced number of outstanding shares increases existing shareholders' ownership percentage.
- Lead to increase in dividends / profits shared between fewer shares.

4

3.5 Financing strategies and gearing: ADEL LTD

To what extent is the company funded through debt? Explain by referring to a relevant financial indicator.

Financial indicator with figures and trends ✓✓ explanation ✓

- Debt-equity ratio increased from 0,4 : 1 to 1,1 : 1. The company is a high financial risk.

3

Comment on whether borrowed funds were effectively utilised by the directors of the company. Quote ONE financial indicator.

Financial indicator with figures and trends ✓✓ Explanation ✓

- ROTCE increased from 18% to 18,9% and is above interest on loan of 16%
- The company is positively geared / used the borrowed funds to generate higher profits.

3

3.6 Share price:

Based on the current performance of share prices, which company would you invest in? Comment and quote TWO financial indicators.

Comparison of MP and NAV with figures ✓✓ comment ✓✓

- ADEL Ltd, MP is 955c, and is higher than NAV of 890c / by 65c.
- Shows increased demand / public confidence in company's shares.

FOR FOUR MARKS:

ADEL's shares are overvalued by 65c

QUESTION 4

4.1	4.1.1	C ✓
	4.1.2	A ✓
	4.1.3	B ✓

3

4.2.1 Explain the difference between unethical and criminal acts within a company.

Any reasonable explanation of unethical conduct ✓✓
 Any reasonable explanation of Criminal acts ✓✓
 Part marks for partially correct answers

Unethical conduct: refers to behaviour that violates moral principles or company values but might not be necessarily illegal.

Criminal acts: are specific actions that break the law and can lead to prosecution.

4

4.2.2 Discuss why it is essential for a company to establish an ethical code of conduct for its employees. State TWO points.

TWO valid points ✓✓ ✓✓

- It promotes accountability / good ethical behavior / ensures employee's commitment to ethical values.
- Promotes positive culture of being honest and transparent/ reduces the risk of misbehavior
- Protects the company's reputation.
- Set parameters to determine disciplinary steps

4

4.3.1 Discuss the impact of this audit report on the company and its directors with regards to the following aspects:

Existing investors' confidence

One valid explanation ✓✓

Existing investors might question the company's accounting practices or management integrity / might want to sell their shares and leave the company.

Credit ratings

One valid explanation ✓✓

The company may be viewed by credit lenders as having an increased financial risk which can affect its borrowing ability / the borrowing costs may increase / less attractive terms from suppliers.
